

RESEARCH • EVALUATION • PLANNING

All the pieces you need

Atlantic Evaluation Group
Inc

From the public sector to community groups and the private sector, the **Atlantic Evaluation Group Inc.** has been taking care of all your research, evaluation and planning needs since 2001. Together, our team of consultants and specialized associates have a wide range of expertise that will ensure useful, high quality research and evaluation. Our streamlined, participatory approach saves you time and ensures all your information needs are met.

Your Consultant Team

Steve McQuaid, MSW

Twenty three years experience with the PEI government in senior management and policy positions and nine years experience as a private consultant, specializing in strategic planning and qualitative research. Excellent facilitation, communication and analysis skills.

Paul Chaulk, MSc

Ten years experience as a researcher, evaluator and consultant in the health and labour market fields, specializing in quantitative research and participatory evaluation.

Nishka Smith, MND

Four years experience as an evaluation consultant and health researcher, specializing in participatory evaluation, interviewing, focus group facilitation, qualitative analysis, and literature review.

We also specialize in:

- Survey Development
- Community Capacity Building
- Needs Assessment
- Environmental Scanning
- Conference Evaluation
- Best Practice Review
